

ExoDek QuickClip Stainless Steel Hidden Fastener Deck Clip System

US Patent Pending 62/633,979

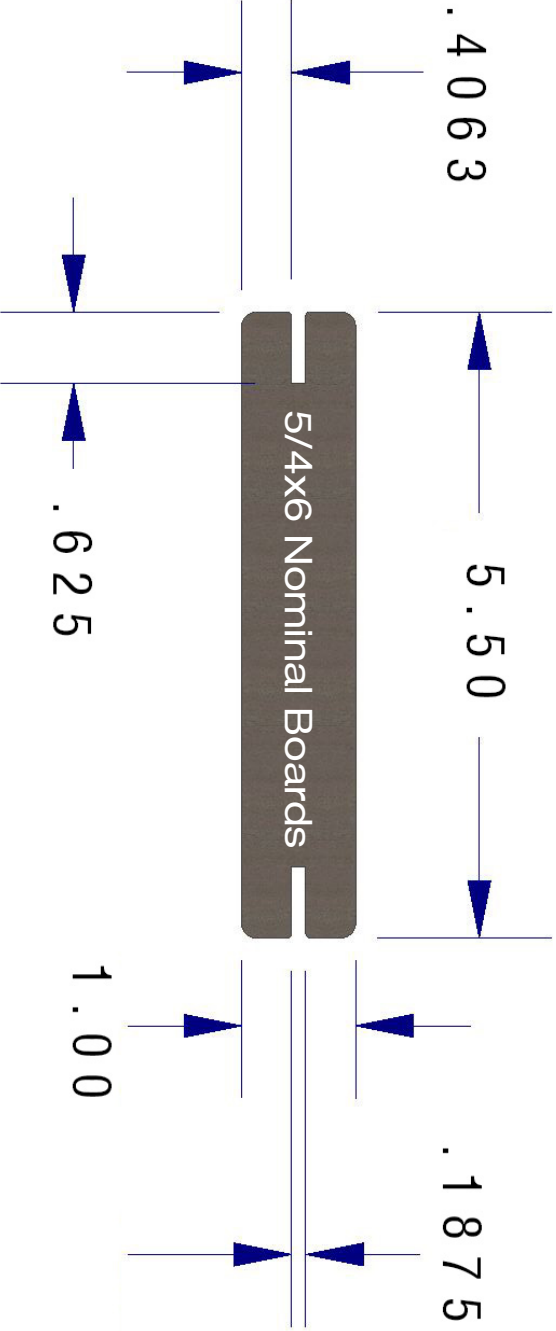

Allows for natural expansion and contraction of wood decking with changes in humidity / moisture content of material. ExoDek QuickClips are made from Heat Treated Stainless Steel for long term durability and exposure to the elements. Fasten with #8 deck screws fasten from top for speedy installation. A 1/4" gap between boards is built-in to design.

Notes:

1. Grooves to be cut with a standard 3/16" thick saw blade.
2. Grooves to be 5/8" deep.
3. Actual width of boards can vary but must be consistent for each deck installation.
4. Nominal 5/4 x 4 or 5/4 x 6 are all acceptable.
